

COL Savre Presents Bronze De Fleury Metal

By 1LT Sean Christopherson

COL Savre presents SFC Medrano with the Bronze De Fleury Metal

Wednesday the 6th, the 36th Engineer Brigade Commander, COL Savre, presented the Bronze De Fleury Metal to SFC Medrano of 3rd ACR. The metal is awarded to an Army Engineer individual who has performed in a consistently outstanding manner, in positions of increasing responsibility over a period of time, normally in exceeds of ten years.

Those persons nominated must have demonstrated a high degree of professional competence, standards of integrity and moral character, and a strong devotion to their duty and country. The select few individuals nominated must clearly stand out in the eyes of their subordinates, peers, and seniors alike. In consideration of the fact that the Bronze De Fleury Medal is the third highest award of the entire Engineer Regiment, it is the responsibility of the approving authority to maintain consistent and exceptionally high standards during the selection and approval process.

SFC Lerue was also being presented the metal but, unfortunately was unavailable to attend the ceremony.
